

# SWATCOM3

Voice Amplifier Push-to-Talk  
Radio Accessory

The SWATCOM 3 was developed as a new concept in radio accessory functionality; it combines a Two-Way Radio Accessory with a Voice Amplifier. The device can utilize any of the SWATCOM accessories to facilitate voice communication. The amplification function allows users to speak at normal levels and be understood while wearing full face or half mask respiratory protection, PAPR's or protective suits.

# SWATCOM3

## Voice Amplifier Push-to-Talk Radio Accessory

This makes it ideal for use in a wide range of applications including; Mass decontamination, Drug Lab Takedowns, Nuclear Reactors, Clean Rooms, Riot squads, EOD etc...

In addition, SWATCOM 3 incorporates the functionality of a portable two-way radio accessory into the same housing as the Voice Amplifier. It features a combination PTT Switch and Speaker Grill (patent pending) to provide the user with quick and easy access to their radio network. The unit can operate with virtually any make or model of portable radio.

The SWATCOM 3 incorporates multiple glands, seals and gaskets into the carbon filled poly carbonate

housing so the unit can be washed, decontaminated and withstand heavy use. Standard features include on/off/volume control knob, visual dual colour power/ low battery indicator LED, unique TALKING HEADSETS accessory quick release, molded in Lanyard attachment point, 360 degree swivel belt clip and Captive battery housing thumbscrews.

The SWATCOM 3 is powered by three standard 'AA' batteries and will operate for up to 48 hours. (batteries included). Moreover, the SWATCOM 3 includes a fail safe feature, whereby the portable radio function continues to operate when the batteries that power the voice amplifier are completely drained.

### Primary Options

\*All options connect to the SC3 via a 'Quick Release Cable' allowing for rapid attachment and detachment from the unit.

The SWATCOM 7 Headset

The SWATCOM 9 Headset

The SWATCOM 8 Headset

The SWATCOM 5 Throatmic

\*The SC3 CANNOT be ordered without a separate Radio Interface Cable

### Technical Specifications

Type of Product:	Voice Amplifier PTT
Type of Microphone:	Interchangeable
Speaker Material:	Mylar
Speaker Frequency Response:	450Hz to 9Hz
Push-to-Talk:	Tactile
Self-Powered:	Yes
Battery Type:	3x 1.5V-AA cells
Battery Life Operation Standby:	40/200
Weight:	13.7oz/390g
Cable Pull Strength:	69kg / 31g
Colours:	Matte Black
Operating Temperature:	-20c to 40c
Output Sound Level Speech:	84dB
Water Resistance:	Yes
Adjustable Mounting:	Yes
ROHS Compliance:	Yes
IP Compliance:	Yes, IP-57
EMC Compliance:	Yes
Warranty:	18 months
Part Number:	SC3
